Dear Fredericq:

Thank you for your message of the 16th. We will be glad to see you here on June 9. If you will let me know your precise arrival plan, we can meet your plane.

Would you care to give a lecture here? If so, we can arrange a small honorarium to help pay your travel expenses. Perhaps your most recent work on transduction of colicinogeny by phage would be an appropriate topic.

I am sorry I will not be able to go down to Chicago but you may find my wife there.

Yours sincerely,

Joshua Lederberg  
Professor of Medical Genetics
